FISCAL IMPACT STATEMENT

LS 6366

BILL NUMBER: SB 110

NOTE PREPARED: Dec 5, 2002

BILL AMENDED:

SUBJECT: Use of Mobile Telephone While Driving.

FIRST AUTHOR: Sen. Antich

BILL STATUS: As Introduced

FIRST SPONSOR:

FUNDS AFFECTED: X GENERAL
X DEDICATED
FEDERAL

IMPACT: State & Local

Summary of Legislation: The bill makes it a Class B infraction with a fine of \$1,000 to operate a motor vehicle and simultaneously use a mobile telephone except in an emergency situation. It authorizes a person who views an operator of a motor vehicle simultaneously using a mobile telephone on certain highways to report the incident to the State Police and requires the State Police to issue a notice to the registered owner of the motor vehicle stating that an offense has been observed.

Effective Date: July 1, 2003.

Explanation of State Expenditures: A person who observes a violation of the section may report the violation to the nearest State Police post or the superintendent who shall issue a notice stating the particulars of the violation, the offense observed, and the penalty for the offense. Administrative costs would increase for the State Police to verify the report and issue the notice, but there are no data available to indicate how many notices the State Police may have to issue so that these costs can be estimated.

Explanation of State Revenues: If additional court cases occur for operating a motor vehicle and simultaneously using a mobile telephone, revenue to the state General Fund may increase if infraction judgments and court fees are collected. The judgment for this offense would be \$1,000, which is deposited in the state General Fund. If court actions are filed and a judgment is entered, a court fee of \$70 would be assessed. 70% of the court fee would be deposited in the state General Fund if the case is filed in a court of record or 55% if the case is filed in a city or town court.

Explanation of Local Expenditures:

Explanation of Local Revenues: If additional court actions are filed and a judgment is entered, local governments would receive revenue from the following sources: (1) The county general fund would receive 27% of the \$70 court fee that is assessed in a court of record. Cities and towns maintaining a law enforcement agency that prosecutes at least 50% of its ordinance violations in a court of record may receive 3% of court fees. If the case is filed in a city or town court, 20% of the court fee would be deposited in the county general fund and 25% would be deposited in the city or town general fund. (2) A \$3 fee would be assessed and, if collected, would be deposited into the county law enforcement continuing education fund. (3) A \$2 jury fee is assessed and, if collected, would be deposited into the county user fee fund to supplement the compensation of jury members.

State Agencies Affected:

Local Agencies Affected: Trial courts, local law enforcement agencies.
